

an elongated handle member having a proximal end attached near one end of said tubular members and extending in spaced parallel relationship therewith toward a free distal end which may be inserted into said golf bag for said removable engagement of said apparatus with said golf bag.

Remarks

Claims 1 – 4 have been cancelled. Claims 5 and 6, as previously presented, have been allowed.

The application should now be in allowable form. As such, allowance and issuance of a patent thereon is earnestly solicited.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Bill B. Berryhill".
